

- 2023 Activities -

NY Chapter of IEEE Computer Society
NY Chapter of IEEE Systems, Man, Cybernetics Society
NY IEEE Education Committee
IEEE Student Branch of LIU-Branch

- [1] In Person Seminar - Computer Architecture Technology
Time: December 19, Tuesday, 6 ~ 8:30PM Location: Long Island
University, Brooklyn Campus, Health
Science Room HS 118
Sponsored by IEEE Student Branch at LIU-Brooklyn, a joint Chapter of
IEEE SMC Society and IEEE,
Computer Society.
- [2] November 17, 2023 – Dr. Pau-Chen Cheng, [NY IEEE Confidential Computing-111723 IBM Research, Confidential Computing, Introduction to Confidential Computing : vTools Events \(ieee.org\)](#)
- [3] October 3, 2023, [NY IEEE Day 2023-Seminar](#)– Prof. Hong Zhao:
Providing Security for Edge Devices in Last Mile Connection. **Celebrating IEEE Day 2023 – “Leveraging Technology for a Better Tomorrow Virtual SeminarTopic: “Providing Security for Edge Devices in Last Mile Connection”, [NY IEEE Day 2023 Seminar - Providing Security for Edge Devices in Last Mile Connection : vTools Events](#)**

[4] **April 27, 2023, Prof Katarzyna Wac Distinguished Speaker
Biosensors for Telemonitoring
Patients, <https://events.vtools.ieee.org/m/349801>.**

[5] **April 13, 2023, Seminar (Virtual) – Towards Indoor Positioning, NY
IEEE RFID Event-041323 Prof. Li Geng**

[6] March 28, 2023, Professor Baek-Young Choi: The Eyes Have It -
liveness detection of mobile authentication & deepfake
detection, <https://events.vtools.ieee.org/m/347211/>

[7] **March 8, 2023, Prof. Jing-Chiou Liou “Cybersecurity In the Age of
Conflicts”, The Dorothy and George Hennings College of Science,
Mathematics and Technology, Kean University,
<https://events.vtools.ieee.org/m/350418>**
